

CLAIRE ARISTIDES™ JEWELLERY SCHOOL

One Day Intro Workshop

Finding the perfect jewellery to match an outfit can be a nightmare. You are almost guaranteed that everything you see will be the wrong colour beads and jewels, the size or length, too shiny - what is a girl to do?

Why not learn the skills and techniques of designing and making your very own hand crafted jewellery? Spend the day at the 1st International Fashion Jewellery School™, learning how to create your own fabulous accessories.

The one day Jewellery workshop begins with an explanation of all the key techniques and trade secrets to making beautiful handmade jewellery. From crimping to wiring (don't worry, we will explain all the funny words on the day!), attaching clasps, jumprings, working with nylon, chain, and a variety of different components.

The Jewellery Instructor along with the team of lovely staff will help you from design concept to creation. We will guide you through the day, provide you with all the beautiful beads, chain, metal charms and trinkets, as well as the tools and guidance you will need. Lunch is included, and you'll leave the day fulfilled, armed with new skills, and of course with all the beautiful jewellery you've managed to make on the day!
